

VENDOR ACTIVITIES AT CHAPTER FUNCTIONS

Periodically, vendors of safety & health related good and services wish to share information regarding their products with Chapter members and other interested parties attending Chapter functions. Such sharing can be of mutual benefit.

A Chapter Executive Committee supports such sharing of information, subject to the following guidelines:

For vendors who are CSSE members.

- Current, up to date members, may share information free of charge; any function attendance costs still apply.
- Must obtain permission from the Executive Committee in advance of the function date.
- May be provided with a minute or two to introduce their goods or services to the function attendees in a manner that does not disrupt or detract from the function; function attendees may ask questions during any informal segments of the function.
- Vendors are responsible for any set up and take down and ensuring that they return the venue to the condition in which they found it.

For vendors who are not CSSE members.

- For those who are not CSSE members, a fee of \$50 is charged for the opportunity to share their information with function attendees; any function attendance costs still apply.
- Must obtain permission from the Executive Committee in advance of the function date.
- May be provided with a minute or two to introduce their goods or services to the function attendees in a manner that does not disrupt or detract from the function; function attendees may ask questions during any informal segments of the function.
- Vendors are responsible for any set up and take down and ensuring that they return the venue to the condition in which found it.

Vendors wishing to obtain more information regarding this opportunity can contact the Chapter Programs Committee (Joanne Betts) at joanne@fundypros.com.
